Celebration

One year ago, on April 23, a group of people sat at a local restaurant with Francis De Bernardo, Jeannine Grammick and Robert Nugent, all of New Ways Ministry discussing the many issues raised at the earlier workshop; "Gay and Lesbian Christians in the Church."

It was decided we needed to become bridge builders within the Church. We needed to develop a strong spiritual community of prayer, support and challenge within the Church.

The Bridge Building Community has come together on various occasions to discuss a variety of topics from the Scripture and its reference to homosexuality to practical aspects of living as gays and lesbians. Over the past nine months we have grown to over twenty-five participants desiring intelligent and life giving interaction. Our growth has come through word of mouth and the ever present power of the Holy Spirit. We do not see ourselves in opposition to the Church; rather we have claimed what is rightfully ours by our baptism; to be full and active members of the people of God.
